

WASH AND SANITIZE WITH DRY STEAM.
THE ECOLOGICAL CLEANING SYSTEM.

TWIST ELECTRIC POWER GENERATORS

Electrical power generators optimise the flexibility and portability of the "Twist eco car wash" steam generators and are therefore the ideal accessory for gas stations, fleet cars washing business and car dealers.

- gasoline or diesel engines from the best brands
- easily transportable
- sturdy and reliable

The power generators are also precious in case of an unexpected electric black-out in your company or at home.

PMD 5000 - 4,9 kW

PMV 6200 - 6,1 kW

PMi 1000 - 1 kW
